

# Reports

## Commissioner and Community

---

- Building Inspector –Tom Gibb – One permit in process
- Zoning Board – Jesse James Garetson – Zoning Board meeting is Monday night at 7pm.
- Environmental Health – Gayla Gibb – No updates to report
- Streets – Jesse James Garetson – Jesse James Garetson – Very little street activity since last Trustee meeting. The mag-chloride has diminished due to dry weather and wind. The streets are in great shape for winter. Clerk Sara Gibb has mailed letters to property owners with a reply date of 9/30/2023 to get on the plow list. One small modification to the plow list – The County will plow 3<sup>rd</sup> from State to LaVeta because they already plow past Archuletas' in LaVeta. Third Street from Main to State should be removed from Gunnison Valley Excavation's list.
- Ditches – Vacant – Jesse James Garetson reporting – Twenty 20-lb rocks were placed at the upper head gate on 8/27/2023 to keep the ditch flow up. Chris Nasso assisted in putting them in on 8/30/2023. This brought our ditches up to 90% of our allotment of one unit. The ditches are getting overgrown again since the July 4<sup>th</sup> weekend. Very few owners are taking care of their adjacent ditches. Those that have look GREAT.
- Cemetery – Mark Rossmiller – There was one burial. We sold a couple of plaques for the Memorial Wall. The workday mid-August was a moderate success. Most of the effort for that was concentrated on trimming grass from headstones and property markers. I think 11 people volunteered to help. The Cemetery Board has held their final regular meeting for the year. Any emergency issues will be handled by a special meeting. Otherwise, any business would be handled at the first regular meeting in late spring of 2024.
- Town Hall – Ramon Reed – No updates to report
- Parks and Rec – Vacant – No report
