Earlier this week I turned in a application for a fence permit at my property at 4:28 State Street I was returned this document it looks like it was only addressed by a building inspector and was never referred to the zoning board I would like for you guys to take a look at this at your next meeting. I'm sure that it's going to come up in the meeting but I've already tried to do a swap with land with the town and that was turned down it's also been brought to my attention that another Resident got recently approved for a septic system with the property pin being quote unquote in the road similar to my circumstance and this was approved for this highly pronounced member of the community I'm hoping that this present such as myself could possibly get the same treatment if not a little written clarification would help me with my next steps

## TOWN OF PITKIN, COLORADO BUILDING PERMIT and APPLICATION

\$75,00 PERMIT
FENCE PERMIT
PMI. No. NA
